

Name: _____

Addition: Count the Stars

For each set of stars below, count the yellow stars and the red stars. Write a number sentence to show how many total stars there are.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Name: _____

Addition: Count the Stars

For each set of stars below, count the yellow stars and the red stars. Write a number sentence to show how many total stars there are.

$$\underline{2} + \underline{3} = \underline{5}$$

$$\underline{1} + \underline{4} = \underline{5}$$

$$\underline{3} + \underline{1} = \underline{4}$$

$$\underline{4} + \underline{2} = \underline{6}$$

$$\underline{3} + \underline{4} = \underline{7}$$

$$\underline{5} + \underline{1} = \underline{6}$$
